

ADVANCE INBOUND SOLUTIONS (AIS)

AIS brings convenience and cost savings to you.

With Advance Inbound Services (AIS), we coordinate all of your Advance Auto Parts® and Carquest® freight shipments from pickup to delivery. AIS monitors carrier costs and assigns the most economical carrier — saving you money. In addition, AIS takes ownership of and control of scheduling, receipt, and timing of shipment, leaving you more time to focus on growing your business.

- AIS manages the ever-changing industry and network dynamics
- Increased visibility of purchase orders (PO) via electronic data interchange (EDI) into the Advance Network
- PO level routing instructions provided to the shipper
- Historically shorter lead times and higher on-time service
- AIS oversees it all — Carriers, Claims, Capacity, and Flow
- Reduced freight spend by leveraging Advance's discount pricing

How to get started

AIS welcomes the opportunity to analyze your transportation and provide your unique cost saving solution. Contact our Vendor Logistics Program Manager for more information.
